Suggestions

1. The design needs improvement in layout, readability and visual balance.
2. Text density is moderate. Make sure the title and key details are clearly visible.
3. Improve colour contrast between text and background.
4. Use darker text on light backgrounds or lighter text on dark backgrounds.
5. Make the main title larger and reduce the visual weight of less important elements.
6. Overall, the design needs improvement before publishing or sharing.
